PHYSICIANS.

New York, August 18th, 1868.

Allow me to call your attention to my PREPARATION OF COMPOUND BX-TRACT BUCHU. The component parts are BUCHU, Low. Mary CUREBS, JUNI-PER BERHIEF.

Modnor Pantamation.—Buchu, in vases, Juniper Berries, by distillation, to form a fine gin. Cubebs extracted by displacement with spirits obtained from Juniper Berries; vary little sugar is used, and a small proportion of spirit. It is more paltable than any now in use.

Buchu as prepared by Druggists, is of a dark color. It is a piant that emits its fragrance; the action of a flame destroys this its active principle) leaving a dark and glutinous decoction. Mine is the color of ingredients. The Buchu in my preparation predominates; the smallest quantity of the other ingredients are added, to pravent fermentation; upon hispection is will be found not to be a Tincture, as made in Pharmacopea, nor is it a Byrup—and therefore can be used in cases where fever or infiammation exists. In this, you have the knowledge of the ingredients and the mode of preparation.

Hoping that you will favor it with a trial,

preparation.
Hoping that you will favor it with a trial,
and that upon inspection it will meet with
your approbation,
With a feeling of profound confidence,
I am, very respectfully.

EVENING STAR CHALLENGE

--- AND

SThe demand for Charter Oak, Challenge and Evening Star Stoves has grown as rapidly of late that we have not filled orders as promptly as destrable; but having now; secured the assistance of another Stove Foundry, we shall hereafter confine nearly the entire torce of our own establishment to the production of the stoves above xamed and hope to fill all orders without delay.

We would call the attention of those about parchasing, to the success and popularity of all these stoves. No better evidence of heir intrinsic merit can be offered than a statement of the fact, that after 18 years use and being subject to severe tests in all kind of localities, and to the most bitter and determined opposition that could be invented; that they are to-day the

\$3 Watch! \$3 Watch!

THE GREAT EUROPEAN Eureka Alumnium Gold Watch Company Have appointed L. V. DEFOREST & Co., Jewelers, 40 & 42 Broadway, New York, Solv Agents for the U. N.

Agents for the U.S.

And have authorized them to sull their great Eureka Alumnium Gold Watches for Three Eoffars, and to warrant each and every one to keep correct time for one year. This Watch we guarantee to be the best and cheapest time-keeper that is now in use in any part of the globe. The works are in double cases, ladies' and gents' esse, and are beautifully chased. The cases are made of the metal now, so widely known in Europe as Alumnium Gold. It has the exact calor of gold, which it always setains; it will stand the test of the strongest soids; no one can tell it from gold only by weight, the Alumnium Gold being 1-10 lighter. The works are made by machinery, sams as the well-known American Watch. The Alumnium is a cheap metalp hence we can afford to sell the watch for \$3 and make a small profit. We pack the watch cafely in a small hox and sand it by mail to mae part of the U.S. on receipt of \$3.50; fifty ocuts for packing and postage. Audress all orders to
